Resource Management Plan Request for Proposal

For purposes of the County Resource Management Plan (CRMP) required by HB 323, Millard County issues a Request for Proposal (RFP).

The CRMP will have findings (current conditions), objectives (desired outcomes/conditions), and policies and guidelines (how the county will achieve objectives) identified for each of 27 categories to be named. The plan will center on three core resources in each category: energy, air and water.

Millard County has appropriated twenty-five thousand dollars (\$25,000) for a provider to create a complete, written CRMP specific to Millard County. Included in this package will be all needed concept development and consultation with the Millard County Board of County Commissioners (BOCC) and their staff for presentation to the Millard County Planning Commission for full review.

No oral, fax, email or telephone proposals shall be considered.

Material Ownership

All proposals and related materials become the property of the BOCC upon receipt and shall only be returned to the proposer at BOCC's option. Selection or rejection of the proposal shall not affect this right. BOCC shall have the right to use all ideas or adaptations of the ideas contained in any proposal received in response to this RFP, subject to limitations outlined in the section titled "Confidential Material." Disqualification of a proposal does not eliminate this right.

Responses Due: September 16, 2016 by Close of Business Day
