| Classification  | Approximate<br>Yards per Week | Quarterly Usage<br>(Cubic Yards) | Monthly Landfill<br>Fee      |
|---|-------------------------------|----------------------------------|------------------------------|
| RV Parks  |                               |                                  | \$5.00 Per usable RV<br>Site |
| Residential   |                               | 3                                | \$12.00                      |
| Commercial Class 1  | 0-1                           | 0 – 10                           | \$14.50                      |
| Commercial Class 2  | 1-2                           | 11 – 25                          | \$29.00                      |
| Commercial Class 3  | 2-4                           | 26 – 50                          | \$58.00                      |
| Commercial Class 4  | 4-8                           | 51 – 100                         | \$116.00                     |
| Commercial Class 5  | 8-12                          | 101 – 150                        | \$232.00                     |
| Commercial Class 6  | 12-16                         | 151 – 200                        | \$309.00                     |
| Commercial Class 7  | Over 16                       | 200+                             | Individually<br>Assessed*    |
| * CLASS 7 (Individually Assessed @ \$4.50 per Yard)                     |                               |                                  |                              |
| Home Occupation (In-home business) must comply with County Code 10-18-2 |                               |                                  |                              |

| <b>On-Site Drop-Off Fee</b> |                  |
|-----------------------------|------------------|
| Commercial                  | \$12.00/ Cu. Yd. |
| Out-of-County               | \$24.00/ Cu. Yd. |
| Flesh Pit                   | \$10.00 min.     |
|                             | \$15.00/ Cu. Yd. |

1. Out-of-County defined – Waste produced out of County
2. Current contracted out of County areas which are hauled by local haulers are exempted from out-of-County fees (e.g. Little Sahara)
3. Residential customers will not be assessed for pickup loads of waste taken to landfill.
4. Commercial haulers will not be assessed for waste collected which is included in the customer monthly billing. All waste received from sources not included in monthly billing (e.g. construction, agriculture, etc.) would be recorded and invoiced separately by landfill staff.
