N/A

1B: For each employer described in Item 1A, a brief description of the employment, including the individual's occupation, and, as applicable, job title.

- **Current Employment:**
Senior DevOps/Site Reliability Engineer at Galileo:
I work as a DevOps and Site Reliability Engineer for a private company. My role involves managing and improving our company's technical infrastructure in the cloud (primarily using Amazon Web Services). I write code that helps automate repetitive tasks, troubleshoot technical problems, and help ensure that our systems run reliably and efficiently. I also build and maintain tools that help our developers release new features more smoothly and securely. My work is focused on internal systems and does not involve sales, contracting, or any business with government or public agencies.
- **Previous Employment:** Online Instructor at BYU Pathway:
I lead a group of online students while they learn about basic IT principles as part of a 100-level IT course. This position does not involve sales, contracting, or any business with government or public agencies.
