

# COVER YOUR LOAD!

New State Law takes Effect May 7th, 2025

## What you need to know

- Every load must be securely covered (Like with a tarp) from the start of your trip until it's unloaded at the landfill
- Applies to all vehicles - personal, business and commercial

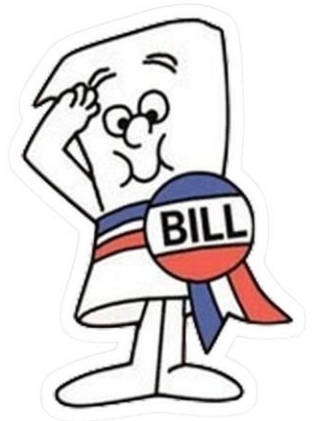

## Starting September 1, 2025

- Fine for UNCOVERED loads at the landfills
- Repeat violations may face higher penalties
- Its the law. Not a facility rule - this is a Utah State Mandate (H.B. 53, 2025 Session).

## Why This Law Was Passed

- Loose trash from vehicle causes roadside litter, harms wildlife, and creates safety hazards.
- Let's work together to keep Utah Beautiful!

*Millard County Landfill*
